

REMARKS

Claims 1 to 11 are pending. Claim 12 has been canceled.

The Examiner has made final the restriction requirement between Group I (claims 1-11) and Group II (claim 12) as apparatus and process for its practice under MPEP 806.05(e). Claim 12 is therefore canceled without prejudice to comply with the restriction requirement.

The title is also amended in response to the Examiner's objection that the previous title was not clearly indicative of the invention to which the claims are directed.

The Examiner has indicated that claims 1-11 are allowable.

As all matters in the Examiner's action have now been addressed, the Examiner is asked to issue a Notice of Allowance.

Respectfully submitted,
Robert L. Bailey *et al*
